EXPERIENCE WITH CUTTING-EDGE CREATIVITY

ELIZABETH SCHLOTZHAUER PUTNAM

Senior Interior Designer, Associate | Jeffrey Beers Intl.

NOTABLE PAST PROJECTS: The Plaza Food Hall, New York; One57, New York; Dune by Jean-Georges, One&Only Ocean Club, Paradise Island, Bahamas; Seared & Stuviche by Jean-Georges, One&Only Palmilla, Los Cabos, Mexico; DB Bistro Moderne, New York and Singapore; Cafe Boulud, New York; 40/40 Club, New York; Moon Club, Atlantis Resort, Paradise Island, Bahamas

CURRENTLY WORKING ON: Atlantis Resort, Sanya, China; luxury residential tower, Boston; Artisanal, New York; hotel, New York (client confidential)

BIGGEST ACHIEVEMENT ON THE JOB: Working on the reopening of the One&Only Palmilla Resort in the aftermath of Hurricane Odile. It was truly inspiring to witness everyone's determination to re-create a resort experience that exceeded its previous incarnation. It was an incredible responsibility—and opportunity—to not only renovate a property, but to rebuild and improve something that is beloved.

IF NOT A DESIGNER, SHE'D BE: A shoe or jewelry designer. Either would be a fun way to take risks and express my creativity.

GIVEN A SKY'S-THE-LIMIT BUDGET, SHE'D DESIGN: *An amazing inn/winery in Franschhoek, South Africa. That's one of the most beautiful places I've ever been, and I'd love to spend an extended amount of time there.*
